

SHEEKADA BUUGGA CODKA

Ma dhegeysataa sheekooyin inta aad wadada dheer ku jirto, si aad u seexato, ama kaliya madadaalo? Waxaan ku hubinaynaa inaad taas sameyso! Sidoo kale malaayiin qof ayaa sameeya maalin kasta aduunka oo dhan. Laakiin halkan waxaa ku jira sheeko aan inta badan dadka aysan maqlin: Buugga codka waxaa la iclaamiyey sanadkii 1932, markii Isbahaysiga Maraykanka ee Indhoolayaasha uu daabacay duubista codka ee riwaayadaha Shakespeare iyo Mareykanka. Dastuurka. Hadda, dadka aan awoodin inay akhriyaan waxay dhegeysan karaan buugaag, riwaayado, iyo sheekooyin iyagoo isticmaalaya phonograph-kooda (taasi waa qalab duug ah oo ciyaara rikoodhka). Fikraddu waxay noqotay mid aad u guuleysatay, ilaa maanta dad badan ay yiraahdaan, “Waxaan akhriyay buuggaas,” inkastoo runtii ay kaliya dhegeysteen.
